## Autumn Hat Show Thursday

About These  
Autumn Hats

You'd think they had just come out of Paris bandboxes—so adorably French they are in every outline and even to the twist of a feather or the odd shading of colors. Yet they were made expressly for us including our famous "knickerbocker" hats and are merely clever adaptations of French ideas. To be seen for the first time Thursday night, 7 to 10 o'clock.

The Same Quality  
Improvement
